Whereas the Parties have entered into a Collective Agreement, pursuant to Registration Certificate #43, which shall remain in effect from May 7th, 2023 through April 30, 2025, and

Whereas the Parties understand that some provisions of the Collective Agreement may not be competitive for projects, and

Whereas the Parties undertake to follow a consistent and timely process on requests to amend the terms of the Collective Agreement for bidding purposes when non-union or alternative union companies are known to be bidding on the same project;

It is Agreed that the Competitive Initiative (CI) Process is as Follows:

4. The CLRA office will submit a CI request to the Local Union Business Manager.

6. All contractors of the Trade Division can utilize the CI terms when bidding on the same project.
- a. CLRA will send a communication to the Trade Division contractors advising that if they are bidding on a Project, they may contact the CLRA or Union office to inquire about the terms.

Agreed, and signed this 7th day of May, 2023 on behalf of the Parties hereto:

- A-5.01** Wages shall be paid weekly by direct electronic deposit, or cheque on Friday before quitting time and not more than 1 week's pay shall be held back.

ARTICLE A-SIX: LOCAL RESIDENTS, TRANSPORTATION, AND ACCOMMODATION

Local Residents

- A-6.01**
- (a) A Local Resident is an individual who resides within a 75 kilometer radius of the centre of a job site which is beyond daily commuting distance from the Geodetic Monument, and has resided within such radius of the site for a period of not less than 6 months prior to being engaged on the project. It is understood that the hiring of Local Residents shall be subject to the hiring procedures and prerogatives set out in this Collective Agreement.
- (b) **Process for Determining Local Status**
Where a question arises as to whether a candidate for employment qualifies as a Local Resident, the designated representatives of the Employer and the Union shall determine the candidate's acceptability as to residency only. The Consultative Committee may provide direction in addition to the guidelines set out below to determine the "real residency" test for those candidates wishing to be designated as a Local Resident.
- (c) **Guidelines for determining "Real Residency"**
In making the determination as to whether a candidate is a Local Resident for the purposes of the Collective Agreement, the following factors will be taken into consideration:
- (i) the dwelling place of the candidate's spouse and dependents;
 - (ii) personal property and social ties to the community;
 - (iii) residential ties elsewhere;
 - (iv) permanence and purpose of residence in a particular community;
 - (v) documentation of;
 - property tax and rent receipts, telephone, gas or other utility receipts;
 - driver's license;
 - vehicle registration or pink card;
 - income tax;
 - unemployment insurance documents;
 - voters' list registration;
 - Employee benefit fund administration registrations.
- (d) Local Residents residing within a 45 km. radius of the job site shall not be entitled to receive transportation or vehicle allowance, travel allowance, initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions.
Local residents residing between a 45 km radius and a 75 km radius of the job site shall not be entitled to receive initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions, but shall be paid a travel allowance of \$36.00 per day worked to cover transportation expenses and travel allowance, or if transportation is supplied by the Employer, a daily travel allowance of \$19.00 will be paid for each day worked. For the purposes of determining Local Residents in the Fort McMurray area, residents of Anzac and Saprae

- Creek will be considered to be residents of Fort McMurray for projects north of Fort McMurray and residents of Fort McKay will be considered to be residents of Fort McMurray for projects located south of Fort McMurray.
- (e) Where a Camp Kitchen is established and where all workers, generally, on the project who are not Local Residents attend at the Camp Kitchen to eat their lunches, a Local Resident Employee shall be provided the same noon meal arrangements without cost to the Employee. In those instances where bagged lunches are provided to camp residents and hot soup is delivered to the jobsite, Local Residents shall be entitled to receive hot soup.
 - (f) Where a Local Resident Employee is required to work overtime, they shall be entitled to overtime meals in accordance with this Collective Agreement.
 - (g) The Parties agree that the early participation of qualified Local Resident Employees in work undertaken under this Collective Agreement is most desirable and will be strongly promoted. In support of this the Union agrees that local qualified tradesmen will be given an opportunity to join the Union and will be dispatched to the job when positions become available, subject to the mutual agreement of the Parties.
 - (h) The Parties to the Collective Agreement agree that they will undertake a monitoring process to evaluate the employment status of Local Resident Members residing in the Wood Buffalo region, and such other region where a client expresses a concern during the term of the Collective Agreement. If it is determined that there is an underutilization of Local Resident Members, the Parties will meet and address the issue.

Daily Commuting

- A-6.02** The following conditions will apply on jobs within daily commuting distance of the Geodetic Monument, and on jobs from which Employees commute daily from temporary accommodation provided or paid for by the Employer.
- (a) (i) A 45 kilometer radius free zone from the Geodetic Monument or around any place in which Employees are temporarily domiciled by the Employer shall be established.
 - (ii) No transportation or travel allowance shall be applicable within the free zone [Subject to **Clauses A-6.02(a)(iii)** and **A-6.02(a)(iv)**]
 - (iii) Notwithstanding the foregoing, on major construction projects located within the free zone around the cities of Edmonton and Calgary, but beyond the city bus transportation system of those cities, where it is expected that the total construction workforce will exceed 500, the affected Parties shall meet to discuss the viability of implementing a system of providing transportation to the site. The Parties shall take into account such considerations as climate, seasons, road capacity, other projects and industries using the same corridors, workforce curves, and site infrastructure.
 - (iv) The time in transit on buses between the site and the camp shall be determined by representatives of the Building Trades of Alberta and of the Coordinating Committee of Registered Employers' Organizations, based on an average during a reference week of 5 test runs each way, conducted coincident with the times when

Employees are in transit. This determination should be carried out twice per year, with any adjustment resulting from a determination applicable until the next determination. Employees shall be paid an allowance for time regularly and routinely in excess of 45 minutes each way, for travel within the applicable free zone. The allowance shall be calculated on the hourly base rate of pay of each Employee. The allowance will be paid only to Employees who ride on the provided buses, and only for the days on which they ride the buses.

- (v) It is agreed that if a major petroleum/petro-chemical project is undertaken in the area south of Redwater but north of the free zone such project will be deemed to be included within the free zone.
- (b) For projects beyond the 45 kilometer free zone for which daily travel is required, the Employer will have the following options:
 - (i) to provide transportation and pay travel allowance, or
 - (ii) reimburse the Employees, as a vehicle allowance, at the rate of \$0.65 per kilometer traveled, each way between the edge of the free zone and the project job site daily and pay travel allowance.

The Coordinating Committee and the Building Trades of Alberta shall examine, during January of each year of the Collective Agreement, the information published by Canada Revenue Agency respecting the vehicle allowance amounts that will not be treated as taxable income, and that will be permitted as business expenses for Employers. Such information normally establishes a maximum rate for the first 5,000 km, and a lower rate for additional kilometers. The Coordinating Committee and the Council shall determine a rate that is midway between those two rates. The above vehicle allowance rate shall be adjusted, effective on the first pay period following May 1 of each year, to the rate so determined by the Coordinating Committee and the Council

The travel allowance shall be calculated based on traveling at 80 km per hour, at the Employee's applicable base rate, from the point where the edge of the 45 km radius free zone intersects the road which takes the shortest, most appropriate route, to the project and return to the intersecting point.

Example:

A Journeyman Member traveling to a project located 40 road kilometers from the edge of the free zone at 80 kilometers per hour each way would receive the following for each day worked:

<u>Travel Allowance:</u>	
80 km @ 80 km per hour	
1 hour at base rate =	Travel Total
<u>Vehicle Allowance:</u>	
80 km.@ \$0.65 cents per km. =	Vehicle Total
For a daily total of:	Total Daily Allowance

Where the Employer provides the transportation the travel allowance would be paid but the vehicle allowance would not be payable.

- (c) Where the Employer is required to supply transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. When the size of the crew is such that the capacity of a coach-type bus is required, such bus transportation will be provided. Pick up points shall be mutually agreed upon.
- (d) Employees who are transported to a job site but who refuse to start work at the prescribed time due to a picket line or other form of labour relations dispute will not be paid transportation or travel allowance for that day.
- (e) When the transportation provided by the Employer for the conveyance of Employees is delayed by circumstances that are reasonably within the control of the Employer or the bussing company, the Employees shall be paid for all such time in excess of 15 minutes beyond the scheduled departure time, up to a limit of 2 hours at the applicable straight time rate.
- (f) If an Employee is required by the Employer to move from one job to another during working hours, the Employer shall provide the transportation or pay vehicle allowance at the rate of \$0.65 per kilometer traveled if the Employee uses their own vehicle. The Employee shall not suffer any loss of pay as a result of transferring between projects during working hours.
- (g) Employees required to travel out of a city or town to another job after working a regular work day, and before an 8 hour break occurs, shall be paid for all time traveled at the rate of one and a half times the hourly base rate of pay. If still traveling the following day, the Employee shall be paid the hourly base rate of pay for time traveled during the regular working day only.
- (h) When an Employee is being paid subsistence allowance in accordance with **Clause A-6.02(a)(iii)** or **A-6.02(b)(iii)**, and when there is no accommodation available within 45 kilometer of the project on which the Employee is engaged, the Employer shall determine the location of the nearest available suitable accommodation, and shall determine the number of road kilometers beyond a 45 kilometer radius of the project that would be required to travel each way from the nearest available suitable accommodation, and shall calculate the travel allowance in accordance with the above provisions. In the event suitable accommodation within a 45 kilometer radius of the project becomes available, the payment of the travel allowance will cease.

Initial and return transportation to remote sites

- A-6.03**
- (a) Employees directed or dispatched to work sites located beyond a radius where daily commuting allowance under **Clause A-6.02(b)** would apply shall be paid travel allowance for initial travel and transportation to the project and return subject to the conditions in **Clause A-6.03(b)** below, based upon a radius from the Geodetic Monument as applicable, as follows:
 - (i) up to 200 kilometers - \$110.00 each way;
 - (ii) 200 kilometers to 300 kilometers - \$156.00 each way;
 - (iii) 300 kilometers to 375 kilometers, and the Empress area - \$188.00;

- (iv) over 375 kilometers to 475 kilometers \$280.00 each way, or actual airfare if suitable proof of air transport is provided to the Employer;
 - (v) over 475 kilometers - as mutually agreed between the Parties to this Collective Agreement to a maximum of \$429.00 each way or air fare inclusive of taxes in the event this is the most practical method of accessing the project/jobsite;
 - (vi) The Initial and Return Transportation Allowances set out herein shall be subject to review in each year of the Collective Agreement. In the event that there is an adjustment in the vehicle allowance, pursuant to **Clause A-6.02(b)**, each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment. For example, if for 2020, the vehicle allowance is increased by 4%, each allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2020.
- (b) When transportation is provided by the Employer by way of air, bus, or other acceptable surface transportation, prior to the commencement and following the conclusion of a work cycle [being scheduled days of work for which there is no more than a 1 day of rest scheduled within consecutive scheduled days], an Employee, at the time of dispatch, will be allowed to elect to use the such Employer provided transportation or to receive Collective Agreement initial/return/rotation allowances. Buses must comply with **Clause A-6.02(c)**.
- (i) An Employee who has elected Collective Agreement initial/return/rotation allowances will no longer be paid any such payments not yet received if transportation is established and the Employee elects to use it. Such an Employee will not be required to return payments received to that point.
 - (ii) An Employee who has elected Collective Agreement initial/return/rotation allowances and who is found using Employer provided transportation will become disentitled to further Collective Agreement initial/return/rotation allowances, as one consequence.
 - (iii) If a person who elects Collective Agreement initial/return/rotation allowances uses Employer provided transportation for his initial trip that person will not receive the initial allowance payment. This circumstance will not be a violation as discussed in the previous point.
 - (iv) Regulations shall be established for the use of Employer provided transportation governing behavior and the use of, e.g., alcohol, tobacco and other substances.
 - (v) Notwithstanding the foregoing, an Employee who has elected to use Employer provided transportation and who is hired, laid off, or terminated on a day when such transportation is not available shall be reimbursed the cost of a one-way commercial bus ticket to Edmonton or Calgary, whichever is applicable, and transportation from the site to the nearest commercial bus terminal, or equivalent taxi fare.

- (c) An Employee will qualify for, and receive with the next regular pay, transportation allowance to the job site after being employed at the site for 15 calendar days.
- (d) If the Employee remains on the job until completion of 30 calendar days, the Employee shall qualify for return transportation allowance to be paid with his final pay at the subject site.
- (e) If, prior to having qualified for either transportation allowance, the Employee is laid off, or the job is completed, or the Employee is transferred to a different work site which is outside the area for which the transportation allowance was to apply, that Employee will be paid any outstanding transportation allowance(s) with their next regular pay.
- (f) If the Employee is transferred to a different work site that is within the area to which the transportation allowance was to apply, the Employee's employment on that different work site shall be deemed to be a continuation of employment on the original work site for the purposes of accumulation of entitlement to transportation allowances and rotational leave.

Rotational Leave

- A-6.04**
- (a) On jobs located beyond a 300 kilometer radius to a maximum of 475 kilometers from the Geodetic Monument, the Employer shall:
 - (i) Pay an allowance of \$217.00 after 35 calendar days of employment on the job and thereafter for each subsequent 35 calendar days of employment on the job.
 - (ii) Where the Employee accepts Employer supplied transportation the Employee shall not be entitled to the above allowance.
 - (iii) Allow Employees 5 working days leave after each 35 calendar days of employment on the job.
 - (b) On jobs located beyond a 475 kilometer radius from the Geodetic Monument, the Employer shall:
 - (i) Provide a negotiated transportation allowance, not to exceed scheduled airline air fare where scheduled air service is available or pay an allowance of \$390.00 where airline service is not available, after 35 calendar days of employment on the job and thereafter for each subsequent 35 calendar days of employment on the job.
 - (ii) Allow Employees 5 working days leave after each 35 calendar days of employment on the job.
 - (c) The Rotational Leave Allowances set out herein shall be subject to review in January of each year of the Collective Agreement. If there is an adjustment in the vehicle allowance, pursuant to **Clause A-6.02(b)(ii)** the allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment, effective the first pay period following May 1st of the respective year. For example, if for 2020, the vehicle allowance is increased by 4%, the allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2020.

- (d) It is further understood and agreed that the above described trips be on a rotation basis and at no time more than 25% of the working force shall be on such working day leave.
- (e) Where the Employer supplies transportation the Employee shall not be entitled to the above allowances, subject to the following.
 - (i) For a project on which the 14 and 7 work cycle applies, and transportation is provided, no allowance will be paid nor leave permitted. If no transportation is provided leave shall be granted subject to **Clause A-6.04(d)** and the allowance shall be paid.
 - (ii) For a project on which a 10 and 4 work cycle applies, and transportation is provided, leave will be granted subject to **Clause A-6.04(d)** and no allowance shall be paid. If no transportation is provided, leave shall be granted subject to **Clause A-6.04(d)** and the allowance shall be paid.

Accommodation, Room & Board

- A-6.05**
- (a) Applicable within a 475 kilometer radius of the Geodetic monument [excluding National Parks] when an Employee is directed or dispatched to work on an out-of-town job, the Employer will provide:
 - (i) camp accommodation, which shall be available 7 days per week; or
 - (ii) mutually agreed room and board; or
 - (iii) for each day worked, reimbursement toward the expense of the Employee's board and lodging, and any goods and services tax paid by the Employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of \$150.00 per day throughout the Province of Alberta except for subsistence rates established for specific communities regions as posted at www.clra.org
 - (iv) On a project/jobsite located over 250 radius kilometers from the Geodetic Monument as applicable, 1 additional day's subsistence shall be paid for the use of accommodation for the night following the last day worked, provided that the Employee presents a bona-fide commercial receipt to his Employer for each occasion the accommodation is used. Where the Employer or his Client is providing a free bus trip back to the city on the same day as the last working day of the week, this provision shall not be applicable.
 - (v) Room and Board will be supplied or the daily expense allowance will be paid for any Statutory Holiday which falls on a scheduled work day other than a first or last day of a scheduled workday provided the Employee reports for work on the work day immediately preceding and following the Statutory Holiday.
 - (b) Applicable beyond a 475 kilometer radius of the Geodetic Monument [excluding National Parks] when an Employee is directed or dispatched to work on an out-of-town job which will last at least 5 working days, the Employer will provide, on a 7 days per week basis:
 - (i) camp accommodation; or
 - (ii) mutually agreed room and board; or

- (iii) reimbursement toward the expense of the Employee's board and lodging, and any goods and services tax paid by the Employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of \$150.00 per day except for subsistence rates established for specific communities and regions as posted at www.clra.org
- (iv) Employees failing to report for work on the workday immediately preceding and following a week-end or Statutory Holiday will receive the above for days worked only.
- (c) In the event that any difference arises respecting the adequacy of accommodation provided by the Employer pursuant to **Clauses A-6.05(a)(ii)** or **A-6.05(b)(ii)** above, the difference shall be referred to a balanced committee of appointees of the Building Trades Council and the Coordinating Committee of Registered Employers' Organizations, which committee shall make a final and binding decision within 5 working days from the date of referral.
- (d) The Parties agree that wherever practical and workable in all the circumstances of the project, camp accommodation is preferable to the provision of room and board, and that the provision of room and board is preferable to the payment of subsistence allowance. However, any of these 3 options will satisfy the Employer's obligations pursuant to this article.
- (e)
 - (i) In certain situations, Employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodation and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such a case, the Employer shall provide one of the following options:
 - (1) provide suitable room and board; or
 - (2) directly pick up the cost of the room and pay a meal allowance to be determined as is set out in this Article; or
 - (3) the subsistence allowance shall be reviewed and, if necessary, adjusted by the following procedure:
 - (ii) Either the subsistence allowance may be adjusted by mutual consent between the Employer and the Union, or the Business Manager of the Union may request that the Executive Director of the Building Trades of Alberta issue a formal written request to the Coordinating Committee of Registered Employers' Organization that a Subsistence Review Committee be established. Alternatively, an Employer may request that the Coordinating Committee of Registered Employers' Organizations issue a formal written request to the Executive Director of the Building Trades of Alberta that a Subsistence review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within 5 working days of such request.

- (iii) The Subsistence Review Committee will consist of:
 - (1) 1 representative appointed by the Building Trades of Alberta;
 - (2) 1 representative appointed by the Coordinating Committee of Registered Employers' Organizations;
 - (3) 1 representative appointed by the National Maintenance Council; and
 - (4) 1 representative appointed by the Boilermaker Contractors Association on behalf of Contractors signatory to the National Maintenance Agreement and/or the General Presidents Agreement.
 - (5) Appointees shall not be directly involved with the issue at hand.
- (iv) The Subsistence Review Committee will undertake such investigation as is necessary to determine whether the allowance paid will allow an Employee to purchase available accommodation and 3 meals per day in the community or communities where Employees will be domiciled. In the event that the majority of the Committee determines that the allowance is insufficient to purchase such lodging and meals the Committee shall determine the amount by which the subsistence allowance shall be adjusted. A decision of the Committee as to whether the allowance is sufficient or whether a specified adjustment is necessary shall be final and binding provided that the majority of the Committee agree with the resolve. Any such mutually agreed upon decision shall be issued within 5 working days from the date of referral, or such longer period as may be agreed by the Coordinating Committee and the Building Trades.
- (v) In the event the Committee fails to make the required determination or determinations within the period allowed, the meal and lodging costs ascertained by the Committee shall be referred, together with such other relevant evidence and argument as may be submitted by the Parties, to an Umpire who shall be appointed within 5 working days in accordance with the provisions of **Clause 20.07**. The Umpire shall render a final and binding decision as to whether the subsistence allowance is sufficient to allow an Employee to purchase accommodation and meals in the subject community or communities, and if it is not the amount by which the allowance should be adjusted to afford the purchase of available lodging and meals. The decision of the Umpire shall be rendered within 5 full working days of the Umpire's appointment, or such longer period as may be agreed by the Coordinating Committee and the Building Trades. The decision of the Umpire shall have the same binding effect and shall be subject to the same limited review as a decision of an arbitrator in grievance proceedings. The fees and disbursements of the Umpire shall be borne equally by the Coordinating Committee and the referring Union.
- (vi) The Subsistence Review Committee and/or the Umpire shall enter into a review when determining subsistence costs and in order to

come to the conclusions that are necessary to carry out the objects of this clause some guidelines are included:

- (1) In the appropriate case the ability to decide on whether or not an increase in subsistence allowance shall be made retroactively to the date the matter was submitted to the Subsistence Review Committee.
 - (2) To determine seasonal adjustments due to tourism, availability of rooms, etc. which may affect the rate of subsistence over the entire course of a job. [i.e. an increase in costs during the tourism season followed by a decrease at the end of tourism season or some other such situation.]
 - (3) Determine an appropriate accommodation cost based on what hotel rooms are available, how many such rooms are available, what hotels/motels to look at.
 - (4) The cost of meals based upon the range of standard camp meals routinely served in a camp pursuant to the Camp Rules, which are adopted in this Collective Agreement, over an average weekly period.
 - (5) Such other reasonable and ancillary powers as may be necessary to achieve the purpose of this clause.
- (vii) There shall be no more than 1 reference of these matters to a Subsistence Review Committee Umpire with respect to any community in any calendar year unless it can be shown that there has been a material change of circumstances within that calendar year. Such a review within the calendar year may be made by either the Employer or the Union.
- (f) Applicable to all Regions
- (i) Employees unable to work due to legitimate illness, material shortage, job-site conditions, or inclement weather, and for whom it is not practical to return to their respective primary Alberta residences, shall receive their board and room or daily allowance for those work days that they were scheduled to work.
 - (1) To be eligible for board and room or daily allowance in these circumstances the Employee must have been unable to return to his primary Alberta residence due to the medical, work, site or weather conditions.
 - (2) In the event return to the Employee's primary Alberta residence becomes reasonably possible and prudent, the entitlement to subsistence allowance shall cease.
 - (3) It is expected that circumstances to which this provision applies will be of short duration.
 - (4) For the purposes of this **Article**, for an Employee who does not maintain a primary residence in Alberta, that Employee's primary Alberta residence shall be deemed to be Edmonton or Calgary, whichever is the nearest.
 - (ii) If an Employee chooses to leave before the completion of the workday without the consent of the Employer, the Employee will not be entitled to subsistence allowance for that day [and may be

subject to other disciplinary or corrective measures]. If an Employee chooses to leave before the completion of the workday with the consent of the Employer, the Employee will be paid a full day's subsistence if at least half the workday is worked and half a day's subsistence if less than half a workday is worked.

- (iii) All camps must meet the specifications as set out in the Building Trades of Alberta and Construction Labour Relations, an Alberta Association 2018-2025 Camp Rules and Regulations, or any successor thereto.
- (iv) All grievances concerning a camp will be resolved through the grievance procedure provided in the B.T.A./C.L.R.A. Camp Rules and Regulations.
- (v) If an Employee, who is housed in a camp, is required by the Employer to transfer from one camp room to another, the Employee shall be paid 2 hour's pay at the hourly base rate as full compensation for the time to move belongings. Should the request to move from one room to another come from authorized persons employed by the Camp Manager or the Client, the Employee must inform the Employer of the move by the following workday to be eligible for this payment.

ARTICLE A-SEVEN: SAFETY

A-7.01 If an Employer requires an Employee to complete an online orientation, the Employer shall estimate a reasonable amount of time to complete the orientation. The Employer shall pay an allowance for completing the course equal to that time estimate, to a maximum of 4 hours, multiplied by the Employee's basic hourly rate. This provision shall not apply to, nor shall there be any pay required, for Owner or site access required online orientations, nor for time required for onboarding such as provision of certificates, information required for payroll processing, or contact information.

A-7.02 Rubber boots for working in wet concrete, and all protective clothing not normally worn by the Employee for ordinary performance of work, shall be supplied by the Employer at no cost to the Employee, and may be allotted on a charge out/refund basis.

Joint Worksite Health and Safety Committees [JWHSC]

A-7.03 (a) A JWHSC shall be formed and maintained pursuant to section 16 of the *Occupational Health and Safety Act* [the *Act*], or health and safety representatives shall be designated pursuant to section 17 of the *Act*, for larger and smaller Employers respectively.

- (b) A JWHSC in respect of the Employees of one Employer on a single Employer site:

 - (ii) The Union shall appoint one half of the members through a process consistent with the constitution of the Union.
 - (iii) In the event a Member is transferred from the site or laid off, the Union shall appoint a replacement within 7 calendar days.
 - (iv) The Employer shall appoint one half of the members, and in the event an appointee is ineligible to serve, shall appoint a replacement within 7 calendar days.
 - (v) The Employer shall post the names and contact information in accordance with the legislation.
- (c) A JWHSC in respect of the Employees of one Employer on a multi-Employer site:
 - (i) Shall consist of 4 members, unless the prime contractor or if there is no prime contractor, the unionized Employers at the work site and the group of Unions representative of Employees at the work site agree to a larger committee.
 - (ii) The Unions representative of Employees on a multi-Employer work site shall jointly select and appoint one half of the members. The selection process shall take into consideration the projected compliment of trades at the work site.
 - (iii) In the event a Member is transferred from the site or laid off, the Unions representative of Employees at the work site shall jointly select and appoint a replacement within 7 calendar days. The selection process shall take into consideration the compliment of trades projected for the work site at that time.

Site and Environmental Conditions, Inclement Weather

- A-7.04**
- (a) Issues respecting:
 - (i) extreme temperatures [on site or in Employer-provided or owner-provided accommodations],
 - (ii) air quality, and
 - (iii) site environmental hazards
 shall be referred to and addressed by such joint committees or the health and safety representative and the Employer, whether or not such issues are required by the *Act* to be included in the duties of such committees or representatives.

- (b) The guideline charts at pages 40, 42 and 49 in the booklet posted at <https://ohs-pubstore.labour.alberta.ca/g006> shall be among the considerations taken into account by Employers, and by the joint committee or health and safety representatives when evaluating precautions required in extreme or adverse weather conditions.

ARTICLE A-EIGHT - SUBCONTRACTORS

A-8.01 For work falling within the scope of **Clause A-1.01 & A-1.02**, a sub-contractor is a person or contractor who performs work at the job site that, if done by the Employer, would have come under the terms of this Collective Agreement. The Employer shall give preference to sub-contractors who have contractual relations with the Union. If sub-contractors bound by this Collective Agreement are not available and other sub-contractors are engaged on such "industrial" work, the conditions of this Collective Agreement relating to hours of work, wage rates, overtime, vacation pay & statutory holiday pay, health and welfare, pension, and training contributions shall apply to the said sub-contractors.

A-8.02 For Employers bound by this Collective Agreement who normally utilize a sub-contractor to perform specialty work that they do not use its own workforce to perform, the Union shall be notified of the specialty work to allow the opportunity to provide of a trained workforce. Prior to provision of the workforce the Employer will be given the credentials of the workforce to ensure they meet the specification and needs of the work. In the event the Union is not able to provide a specialty workforce, the subcontractor will not be covered by the prohibition of **Clause A-8.01**.

This **Schedule A** shall be attached to and form part of the Collective Agreement entered into between the Parties.

Whereas:

- 1) The Parties are committed to creating a safer, healthier workplace free of risks associated with alcohol and/or other drug use. Historical trends suggest meeting this objective will correlate to a reduction in workplace incidents.
- 2) The Parties intend to reduce redundant substance testing and related costs and to expedite access to participating worksites.
- 3) Alcohol and other drug work rules, such as the *Canadian Model for Providing a Safe Workplace: Alcohol and Drug Guidelines and Work Rule* (the “*Canadian Model*”), are more effective if they are implemented in such a way as to preserve the dignity and privacy of participant workers.
- 4) Coordinating the exchange of sensitive information through a centralized third party provides greater control over the collection, use, disclosure, safeguards and storage of personal information.
- 5) Retaining the continuity of information through a centralized third party is necessary in order to reduce redundant testing, expedite access to worksites and provide seamless after-care support to affected workers.
- 6) Comprehensive professional third party case administration provides for the effective delivery of education, compliance and, if necessary, accommodation strategies. Professional treatment, education, follow-up and after-care frameworks support affected workers in maintaining compliance with the *Canadian Model* and, if necessary, recovering from an addiction and/or dependency to alcohol or other drugs.
- 7) In 2004, the Department of Health and Human Services Substance Abuse and Mental Health Services Administration and, in 2008, leading experts in direct consultation, confirmed that laboratory oral fluid testing is accurate, reliable and appropriate for unannounced testing. Due to the shorter detection windows than found in urine testing, it was found oral fluid testing is not appropriate for follow-up testing and not appropriate for testing where prior notice of the test is given.

- 8) Several arbitration cases have accepted the validity of laboratory oral fluid testing but in none of those cases was the laboratory oral fluid testing itself the subject of challenge. Accordingly, at the time of signing this Collective Agreement the validity of laboratory oral fluid testing has yet to be established in Canadian law.

Now therefore, it is Agreed between the Parties hereto that:

- (a) Subject to (b) and (c) below, the Parties support the implementation of the Rapid Site Access Program and the Union and Employer agree to be bound by and comply with the *Rapid Site Access Program Procedural Rules*, as amended from time to time.
- (b) The Union's agreement in (a) above is subject to the adoption of laboratory based oral fluid testing for the random component of drug testing administered by the Rapid Site Access Program. However, in the event laboratory oral fluid testing is successfully challenged in law the Union agrees urine based testing shall apply.
- (c) Subject to (b) above, where the Union does not agree to an amendment to the *Rapid Site Access Program Procedural Rules*, the Union may opt out of agreeing to said amendment by giving notice in writing to the Association and the Rapid Site Access Administrative Committee.
- (d) Employer contributions shall be established by the Association and may be changed by the Board of Directors of the Association and notice to an Employer and the Union from the Association respecting such amendment shall be sufficient. RSAP contributions shall be forwarded to the Association. These contributions shall be used by the Association to provide the funding, among other things, for the third party providers who are responsible for delivering the services in respect to the Rapid Site Access Program.
- (e) This Letter of Understanding shall be attached to and form part of the Collective Agreement entered into between the Parties.

Whereas:

An individual must be referred to a Substance Abuse Expert following a failure to comply with the *Canadian Model for Providing a Safe Workplace: Alcohol and Drug Guidelines and Work Rule* [the “Canadian Model”]. Once the individual is assessed by a Substance Abuse Expert, recommendations are prepared and disclosed for the purpose of establishing expectations in accordance with the substance abuse expert’s recommendations, entering into a post assessment agreement and supporting compliance with prescribed aftercare.

Pursuant to the Union’s bylaws, after the Union becomes aware a Member has violated the Canadian Model or tested non-negative on a site-access A&D test, the Member must be assessed by a Substance Abuse Expert and comply with the resulting recommendations as a condition of being eligible for future dispatches.

There are advantages to referring Substance Abuse Expert recommendations to qualified third party professionals for administration on behalf of the Parties. Third party professionals are positioned to offer a higher level of:

- a) confidentiality,
- b) consistency, and
- c) expertise.

Contracting the administration of Substance Abuse Expert recommendations to third party professionals is expected to be more effective in meeting the safety objectives contained in the Canadian Model and increase the quality of service afforded to affected individuals.

Now therefore, it is Agreed between the Parties hereto that:

- 1) Substance Abuse Expert recommendations arising from contractor administered A&D tests conducted pursuant to the Canadian Model and arising from those who violate Article 3 of the Canadian Model shall be referred to and administered by the RSAP Third Party Administrator. Such Substance Abuse Expert recommendations shall apply to employment and prospective employment in respect to any collective agreement for which the Union is signatory.

Substance Abuse Expert recommendations shall be shared with an Employer only if they are in respect to a current Employee, one that has contravened Article 3 of the Canadian Model while in the employ of that Employer.

- 2) Third Party Service providers will keep all information in accordance with applicable privacy laws.
- 3) The Association will provide the funding to the third party providers who are responsible for administering substance abuse expert recommendations.
- 4) This Letter of Understanding shall be attached to and form part of the Collective Agreement entered into between the Parties.

ARTICLE B-FIVE: PAYMENT CONDITIONS

B-5.01 Wages shall be paid weekly or bi-weekly by cash, direct electronic deposit, or cheque on Friday before quitting time and not more than 1 week's pay shall be held back.

ARTICLE B-SIX: LOCAL RESIDENTS, TRANSPORTATION, AND ACCOMMODATION

Local Residents

B-6.01 The Parties agree that the early participation of qualified Local Resident Employees in work undertaken under this Agreement is most desirable and will be strongly promoted.

B-6.02 A Local Resident Employee shall be defined as a Union Member who has maintained their domicile within a 75 kilometer radius of a job site, for a minimum of 6 months. A Local Resident shall not be entitled to subsistence pay or room and board provisions of this Collective Agreement.

B-6.03 Where a Camp Kitchen is established and where all Employees, generally, on the project who are not Local Residents attend at the Camp Kitchen to eat their lunches, a Local Resident Employee shall be provided the same noon meal arrangements without cost to the Employee. In those instances where bagged lunches are provided to camp residents and hot soup is delivered to the jobsite, Local Residents shall be entitled to receive hot soup.

B-6.04 Where a Local Resident Employee is required to work overtime, they shall be entitled to overtime meals in accordance with this Collective Agreement.

Transportation and Accommodation

B-6.05 A 75 kilometer free zone shall be established around the center of every city, town or village in which Employees reside and around every place where accommodation is provided and/or paid for by the Employer. This zone shall apply to all persons covered by this Agreement.

B-6.06

The following conditions shall apply to all Employees engaged in Non-Industrial work within the following radial zones:

- (a) **Zone 1:** Within the Free Zones as noted above, all Employees shall be responsible for their own transportation to and from the work site except that where, on remote job sites, conditions are such that private and public transportation is not available and the work zone is beyond reasonable walking distance, then the Employer shall provide transportation.
- (b) **Zone 2:** The area lying within the next 100 kilometers beyond the boundary of the free zones established above, is Zone 2. For any job site situated within this zone the Employer shall supply transportation to and from the work site to the place of accommodation or established central pick-up points, or, expressed by the Employer's option in writing, pay vehicle allowance at the rate of \$0.65 per kilometer from the edge of the free zone, to the job and back, to each Employee who, by arrangement with the Employer uses his own vehicle to provide transportation outside the free zone.
 - (i) At the Employer's option, camp or other board and room accommodations as provided for in Zone 3, may be provided in this zone for each day worked.
- (c) **Zone 3:** The area lying within the next 100 kilometers beyond the boundary of Zone 2 as established above, is Zone 3. For any job site situated within this zone, the Employer shall provide at their option for each day worked:
 - (i) camp accommodation which conforms with the CLRA/BTA Camp Rules and Regulations or successor standards; or
 - (ii) reasonable room and board; or
 - (iii) agreed subsistence allowance.
- (d) **Zone 4:** The area lying within the next 100 kilometers beyond the boundary of Zone 3, is Zone 4. For any job situated within this zone, the Employer shall provide at their option on the 7 day a week basis:
 - (i) camp accommodation as noted above; or
 - (ii) reasonable room and board; or
 - (iii) agreed subsistence allowance.
- (e) **Zone 5:** The area lying beyond the outer boundary of Zone 4, or areas within the above noted zones which are inaccessible by automobile, is Zone 5. On jobs within Zone 5 only, the Employer will allow a return trip to the closer Geodetic Monument after each 60 calendar days of employment on the project and shall grant leave from work for a maximum period of 5 calendar days. Such trips shall be paid 1 way upon leaving the job site and reimbursed for the return upon reporting to the job. Rate of reimbursement shall be the equivalent train, bus or air fare only as appropriate.
 - (i) On remote job sites within Zone 5 and when requested by the Employee due to having insufficient funds to return to point of hire, the Employer shall arrange transportation for the Employee to point of hire or supply them with an advance on wages due.
- (f) In the event the Employer and the Union cannot quickly come to an agreement respecting the amount of subsistence that is appropriate for any given project or zone, the subsistence allowance shall be based on an analysis by a joint committee of representatives of the Employer and

representatives of the Employees, using average room costs in the subject zone [on the basis of 2 Employees per room], and average costs of meals using predetermined example menu items.

- B-6.07**
- (a) Employees unable to work due to legitimate illness, material shortage, job-site conditions, or inclement weather, and for whom it is not practical to return to their respective primary Alberta residences, shall receive their board and room or daily allowance for those work days that they were scheduled to work.
 - (i) To be eligible for board and room or daily allowance in these circumstances the Employee must have been unable to return to their primary Alberta residence due to the medical, work, site or weather conditions.
 - (ii) In the event return to the Employee's primary Alberta residence becomes reasonably possible and prudent, the entitlement to subsistence allowance shall cease.
 - (iii) It is expected that circumstances to which this provision applies will be of short duration.
 - (iv) For the purposes of this **Clause**, for an Employee who does not maintain a primary residence in Alberta, that Employee's primary Alberta residence shall be deemed to be the nearest Geodetic Monument.
 - (b) If an Employee chooses to leave before the completion of the workday without the consent of the Employer, they will not be entitled to subsistence allowance for that day [and may be subject to other disciplinary or corrective measures]. If an Employee chooses to leave before the completion of the workday with the consent of the Employer, the Employee will be paid a full day's subsistence if at least half the workday is worked and half a day's subsistence if less than half a workday is worked.
 - (c) Effect of unauthorized absence on Room and Board Entitlement:
 - (i) When an Employee fails to report when work is available on the working day immediately preceding or following bad weather or recognized holidays other than for unavoidable causes, they shall forfeit room and board for such absenteeism and for the bad weather days or recognized holidays. When Saturday is not a working day and an Employee fails to report to work on Friday when work is available, they shall forfeit room and board for Friday, Saturday and Sunday. When Sunday is not a working day and an Employee fails to report to work on Monday when work is available, they shall forfeit room and board for Sunday and for Monday. An Employee shall also forfeit room and board for absenteeism on any working day for other than unavoidable causes.
 - (ii) Unavoidable cause shall be deemed any illness or injury other than caused by consumption of liquor and/or legal or illicit drugs. The Employer may request proof of illness or injury by way of a letter from a medical doctor.
 - (iii) Where the Employer's costs are fixed [as for camp accommodation or long term room leases] the Employee shall not be back-charged

for such fixed costs, but, where subsistence allowance is paid then the Employee shall not be paid for days missed as detailed above.

ARTICLE B-SEVEN: SUBCONTRACTORS

B-7.01 For work falling within the scope of **Clause B-1.01 & B-1.02**, the Employer agrees that it will not subcontract out Cement Masons' work, which is regularly and routinely performed by the Employer's own forces, unless such work is to a Contractor that agrees to be bound by the terms and conditions of this Agreement. Subcontractors who also do work that the Employer normally does not use its own work force to perform are not covered by this prohibition.

ARTICLE B-EIGHT: ENABLING

B-8.01 **"Blanket Enabling" for Commercial/Institutional Projects:** Notwithstanding **Article Twenty-Two**, any Employer who wishes to apply a rate to a Non-Industrial project as defined in **Article B-One**, that is less than the hourly base rate of pay set out in this **Schedule B** respecting such a project shall so advise the Association of the minimum Journeyman hourly base rate of pay necessary to be competitive in the tendering of the identified project. In the event only one such Contractor so contacts the Association respecting the project identified, the Association shall advise the Union of the project and of the Journeyman hourly base rate of pay determined for that project prior to the tendering respecting the said project, and the rate so identified shall be the minimum rate for the Journeyman Employees of the said Employer who are engaged on the said project and the minimum rates for other Employees of the said Employer on the said project shall be calculated on the said minimum Journeyman hourly base rate of pay.

B-8.02 In the event more than one Employer advises the Association of an intent to apply a lesser minimum Journeyman hourly base rate of pay to a particular project, then the Association shall convene a meeting of the Employers who so advise the Association of such intent, and the minimum Journeyman hourly base rate of pay to be applied to such project shall be decided by the meeting of such Employers. The Association shall advise the Union of the project and of the hourly base rate of pay so determined for that project prior to the tendering respecting the said project, and the hourly base rate of pay so identified shall be the minimum hourly base rate of pay for the Journeyman Employees of the said Employers who are engaged on the said project and the minimum hourly base rate of pay for other Employees of the said Employers on the said project shall be calculated on the said minimum Journeyman hourly base rate of pay.

This **Schedule B** shall be attached to and form part of the Collective Agreement entered into between the Parties.
