ARTICLE 14.00 – HOURS OF WORK

14.01 The Employer does not guarantee to provide work to any Employee for regularly assigned hours or any other hours, except as provided for in Article 18.00. Eight (8) hours shall constitute a normal day's work. The normal hours of work shall be between the hours of 8:00 a.m. and 5:00 p.m. for an 8-hour day, with one-half or one hour for lunch commencing no later than five hours after work commenced. Forty (40) hours shall constitute a normal week's work, Monday through Friday inclusive.

14.02 Compressed Work Week

A compressed work week may be established by mutual agreement between the Union and the Employer for other than shutdown projects where overtime is scheduled. Mutual agreement of the Union will not be unreasonably withheld. The terms and conditions of such compressed work week shall supersede any/all contrary provisions of this Article.

The Employer may schedule the regular work week in four (4) consecutive ten (10) hour days at straight time rates, provided that the four (4) ten (10) hour days are scheduled during the Monday through Thursday schedule or the Tuesday through Friday period.

Where this option is worked, all hours in excess of ten (10) hours per day, shall be paid for at two (2) times the applicable rate of pay. When a fifth (5th) day is worked, (Friday on the Monday through Thursday schedule or Monday on the Tuesday through Friday schedule) the first ten (10) hours shall be paid at one and one-half (1½) times the applicable rate of pay. All other hours on this compressed work schedule shall be paid at two (2) times the applicable rate of pay.

If the Employer exercises an afternoon or night shift on the compressed work week format, afternoon or night shift premiums will apply.

Where the Monday through Thursday option is worked and a Recognized Holiday falls on the Friday, the Friday shall be the observed day off, unless varied by mutual consent. Where the Tuesday through Friday option is worked and a Recognized Holiday falls on the Monday, the Monday shall be the observed day off, unless varied by mutual consent. When a Recognized Holiday falls in the work week, the Union and Employer shall mutually agree to the work schedule for that week. Once the start day is established, it may not be changed without mutual consent of the Business Manager and the Employer.

14.03 Starting and Stopping Times

The starting and stopping times shall be at the tool lock-up or lunchroom. The starting time of the normal hours of work may be varied by up to two (2) hours earlier or later, without penalty or premium, provided eight (8) hours advance notice is given by the Employer to the affected Employees, (i.e. during the prior shift).

Subject to the above, by mutual agreement, in writing, between the Business Manager and the Employer, the foregoing starting and quitting times may be changed by further variance to suit job requirements or conditions. If the foregoing starting or quitting times are changed without mutual agreement, except as noted above, applicable overtime rates shall be paid for any time worked before or after the above hours as a result of the change of the times.

14.04 Meal Breaks

An Employee shall not be required to work during their regular lunch break except in emergency or special circumstances, in which case, they will receive a reassigned one-half hour lunch break. If this break falls outside the regular lunch break established on the job, they shall receive an additional allowance of one-half ($\frac{1}{2}$) hour's pay at straight time rates which shall be in addition to their regular straight time hours.

On out-of-town camp projects, hot lunches will not be provided, however, hot soup, beverages and sandwiches will be made available. It will be the responsibility of the Employee to take the supplied lunch with them to the work site. Where the work site is within close proximity of the Employee's accommodations, hot lunches may be provided at the discretion of the Employer.

14.05 Rest Breaks

On a regular shift, two (2) ten (10) minute rest breaks may be taken. On shifts of ten (10) hours, the Employee will be given one fifteen (15) minute rest break in the middle of the first five (5) hours of the shift, and one fifteen (15) minute rest break in the middle of the second five (5) hours of the shift, unless workplace conditions require a variance in the time of either rest break on one or more days. Where work is required beyond ten (10) hours, a second meal break of one-half ($\frac{1}{2}$) hour will be provided at the end of eight (8) hours, to be paid at straight time rates. If a second meal break is provided, the rest breaks will revert to ten (10) minutes each. All additional meal breaks will be paid at straight time rates.

If unscheduled overtime is worked beyond the normal working day and if the duration of overtime is to exceed one (1) hour then the Employee will be allowed a coffee break at the end of the normal shift. Such breaks and a suitable location to be determined by the Employer in consultation with the Job Steward.

These breaks may be staggered, alternated or varied to permit continuous operation where required, by mutual agreement between the Business Manager and the Employer, prior to the start of the project, where possible.

An Employee shall not be required to work during their regular scheduled rest or work (coffee) break except in emergency or special circumstances, in which case, they will receive a reassigned rest or work (coffee) break. If this break falls outside the regular rest or work (coffee) break established on the job, they shall receive an additional allowance of ten (10) or fifteen (15)

minutes pay at straight time rates which shall be in addition to their regular straight time hours.

- 14.06** Overtime rates of pay shall apply for Saturday, Sunday and Recognized Holidays, or for hours outside of the regular working hours, as amended by mutual agreement. This shall include waiting, reporting, show up and standby time.
- 14.07** If the scheduled shift is changed, a minimum of eight (8) hours' notice shall be given to the affected Employees.
- 14.08** Where the normal hours of work are in excess of eight (8) hours per shift, the very last crew remaining on the project may work only eight (8) hours subject to the provisions of Article 18.02. This refers to the completion of the job, not to workers who may be discharged earlier. This must be noted on each order for staffing placed with the union.
- 14.09** On camp jobs, no walking time shall be paid up to 2,500 feet from the work site. Beyond 2,500 feet up to thirty (30) minutes travel each way, the Employer shall supply transportation. Travel time will be paid at prevailing rates for time in excess of thirty (30) minutes.

14.10 Emergency Repair Call-Out

Where the Employer places an order for the immediate dispatch of a crew to an existing facility, it is considered to be an Emergency Repair Call-Out, for which the Employees shall receive an emergency repair call-out allowance of:

For jobs sites in the Vancouver Free Zone & Port Moody: \$200.00
For all other jobsites: \$300.00

For Emergency Repair Call-Out work due to the requirement for Employees to commence work on short notice the Employer has the right to identify welding qualifications which may be required for Employees to be eligible for dispatch.

Where an Employee reports to work for an Emergency Repair Call-Out the regular shift start and stop times will not apply to the first day of work and the Employee will work the first eight (8) hours at straight time (or the appropriate overtime rate if worked on Saturday, Sunday or Statutory Holidays). Any additional hours worked will be compensated as Overtime. All days following the first shift will be scheduled in accordance with the standard hours of work provisions.

In cases of emergency work, where the Employer is unable to contact the Union office, the Employer may commence work and notify the Union office as soon as possible.

ARTICLE 15.00 – SHIFT WORK

15.01 Shift Work

Scheduling of Shifts

- (a)** The Employer may schedule an afternoon and/or night shift if/as required.
- (b)** One (1) only shift shall be necessary to constitute an afternoon or night shift if Article

14.10 (Emergency Repair Call-Out) provisions are instituted for the work. For all other work two (2) consecutive days shall be necessary to constitute an afternoon shift and three (3) consecutive days shall be necessary to constitute a night shift, where these shifts are not maintained for these consecutive working days, all time will be paid at overtime rates.

- (c) It shall not be necessary for there to be a day shift in order for there to be an afternoon and/or night shift.

Shift Premiums

The Employer shall pay a shift premium over and above the otherwise applicable straight time hourly wage rate to any Boilermaker who is employed on an afternoon or night shift. The minimum straight time hourly wage rate applicable for all other Employee classifications shall be recalculated accordingly. Such shift premium shall be paid in accordance with the following schedule.

Day Shift: No shift premium

Afternoon Shift: Six dollars (\$6.00) per hour worked on any shift which commences between 3:30 pm and 8:30 pm. Second and subsequent meal breaks are not considered to be hours worked.

Night Shift: Six dollars (\$6.00) per hour worked on any shift which commences between 8:30 pm and before 1:01 am. Second and subsequent meal breaks are not considered to be hours worked.

Notwithstanding any contrary interpretation of the foregoing schedule, a shift commencing at 3:30 pm shall be deemed to be an afternoon shift and a shift commencing at 8:30 pm shall be deemed to be a night shift. Overtime on afternoon and night shifts shall be payable for all hours of work performed in excess of eight (8) hours per shift. These shift premiums will not be paid for Saturday, Sunday or Statutory Holidays.

For the purpose of clarification and to define Saturday and Sunday work, the work shall be deemed to commence at the starting time of the regular day shift on Monday morning.

- 15.02** For the purpose of defining the shifts, the first shift shall be the day shift which commences at 8:00 a.m. The starting time of the normal hours of work may be varied by the Employer up to two (2) hours, earlier or later, without penalty or premium, provided eight (8) hours advance notice is given to the affected Employees (i.e. during the prior shift). Any further variance of starting time may be varied by mutual agreement with the Union to suit job requirements. The second shift shall be the afternoon shift and shall follow the first shift. The third shift shall be the night shift and shall follow the second shift.

- 15.03** When an Employee is required to return to work without an eight (8) hour break, all work performed shall be paid at double (2) the regular hourly rate, until such time as the Employee receives an eight (8) hour break. It is the intent of this clause that no Employee shall lose pay on a normal shift due to taking the required eight (8) hour break. (Example: Day Shift works to 2:00 a.m., has 8 hours off and returns at 10:00 a.m. for a shift which normally commenced at 8:00 a.m. the Employee is paid from 8:00 a.m. onwards).

Such agreement shall be reached prior to the commencement of work on the project, and prior to date of tender if possible.
- (v)** In the event an Employee voluntarily terminates their own employment after having been on the project for less than fifteen (15) calendar days, the Employer shall not be required to pay the Employees terminal travel allowance and shall additionally be entitled to deduct the initial travel allowance already paid from the Employees final pay cheque.

Tool transportation costs are the responsibility of the Employer.
- (vii)**

 - (a)** For an Employee to qualify for transportation expenses, the Employee must remain fifteen (15) calendar days on the project or until layoff, job completion or if they have been granted permission by the Employer to leave before completion for initial transportation expenses, and thirty (30) calendar days or until layoff, job completion or if they have been granted permission by the Employer to leave before completion, whichever comes first, to receive terminal transportation expenses.

This shall not apply to the Article 19.03 Turnaround.
 - (d)** On subsistence projects, if the Employer supplied accommodation is more than forty (40) kilometres from the job site, the Employer will pay a daily travel allowance (for days worked) based on the cents-per-kilometre formula (CRA rate effective each year) measured from the accommodation to the forty (40) kilometer zone and back to the accommodation. Should the Employer provide transportation, the daily allowance will be paid one-way from the Employer supplied accommodation to the forty (40) kilometer zone. Should an Employer covered by this Agreement provide Boilermaker members to work on a shutdown (on an out of town project), the language in Article 19.01(d) of the 2022 – 2025 Collective Agreement between the Boilermakers Lodge 359 and CLR and independent contractors signatory thereto will apply on

Daily travel will be paid both ways. The same provisions that apply to non-Local Residents will apply to Local Residents for non-shutdown projects. Where weather or road conditions do not allow the Employee to travel to their residence, the Employer shall provide subsistence in lieu of daily travel.

19.02 If an Employee is terminated for just cause, or the Employee leaves of their own accord before having qualified for travelling expenses to and/or from the job, they shall not be entitled to receive the cost of such travel expenses.

19.03 Turnaround

On out of town projects, of over thirty-five (35) calendar days duration, the Employer shall provide a turnaround every twenty-eight (28) calendar days. Thirty-five (35) calendar days duration must exist after return from each turnaround for a further turnaround after twenty-eight (28) calendar days to be allowed. Qualification requires five (5) days of work following the leave or payment. An allowance for turnaround or periodic leave will be provided on a "use it or lose it" basis. The Allowance will be based on the distance from the job site to their residence once for each turnaround. The rate will be based on the maximum tax-free mileage rate established annually by the Canada Revenue Agency. The allowance will be calculated by multiplying the midpoint of each mileage rate by the posted mileage amount. These amounts will be updated on the same date as changes to the mileage amount are effective.

501 km to 750 km	\$425.00
751 km to 1000 km	\$595.00
over 1000 km	\$680.00

The mileage will be computed from the project to the dispatch point. It is agreed that the above amounts will be paid only once for each turnaround.

The extent of the turnaround shall be for a minimum of five (5) days to a maximum of one (1) week, or a number of days mutually agreed between the Employee and the Employer. The timing of the turnaround shall also be decided by mutual agreement. Any delay will be applied to the following turnaround period. Subsistence shall not be paid during turnaround periods.

Where a turnaround without Employer payment is declined, a new twenty-eight (28) day period of accrual will commence one day after the twenty-eight (28) day period is completed, leading to the Employer travel expense turnaround and vice versa.

There shall not be any payment of Employer paid travel expense turnarounds unless actually taken (ie. use it or lose it). However, the Employee is allowed to accrue Employer paid travel expenses turnarounds to a future date.

ARTICLE 20.00 – SUBSISTENCE

20.01 When Employees can be accommodated in Camp accommodation supplied by the Employer, no Employee shall be entitled to any other form of subsistence. General Forepersons are excluded from this provision.

Camp shall mean camp accommodation as defined in the British Columbia-Yukon Territory Building and Construction Trades Council Camp Rules and Regulations 2008-2014 and any revisions thereto.

Local Residents, as defined in Article 19.01(e)(i), shall not be entitled to subsistence allowance. On camp jobs, Local Residents shall be entitled to one (1) meal daily.

20.02 On camp jobs, no walking time shall be paid up to 2,500 feet from the worksite. Beyond 2,500 feet up to thirty (30) minutes travel each way, the Employer shall supply transportation. Travel time will be paid at prevailing rates for time in excess of thirty (30) minutes.

Where no camp accommodation is available, Employees are to be supplied subsistence allowance or room plus meal allowance by the Employer. At any time, an Employee may elect by informing the Employer, not to accept room plus meal allowance supplied by the Employer and, in that case, the Employee shall be paid by the Employer a Subsistence Allowance. An Employee who elects to go on subsistence allowance will be allowed to check into Employer supplied lodging, providing a room is available. In either case this choice can be made only once.

Commercial lodging shall mean a hotel room, or its equivalent, on the agreement that first class accommodation is understood to mean a single room when available.

20.03 Where there is no camp accommodation, the Employer shall provide either:

- (a) Living out allowance, or
- (b) Room plus meal allowance.

These options to be on a seven (7) day per week basis.

- (c) It is agreed by the parties, that the LOA rates will be as follows:

May 1, 2023	\$200.00
-------------	----------

No other costs will be borne by the Employer for Employees choosing this option.

The parties further agree that the meal allowance on option (b) will be as follows:

May 1, 2023	\$87.50
May 1, 2024	\$90.00
May 1, 2025	\$92.50

- (d) It is further agreed by the parties that under the room plus meal allowance option, if the Employer supplied accommodation is more than forty (40) kilometers from the job site, the Employer will pay a daily travel allowance (for days worked) based on the cents-per-kilometre formula (\$0.68 effective January 1, 2023) measured from the accommodation to the forty (40) kilometer zone and back to the accommodation. Should the Employer provide transportation, the daily allowance will be paid one-way from the Employer supplied accommodation to the forty-(40) kilometer zone.
- (e) Should an Employer covered by this Agreement provide Boilermaker members to work on a shutdown (on an out of town project), the language in Article 19.01 (d) of the 2022 – 2025 Collective Agreement between the Boilermakers Lodge 359 and CLR and independent contractors signatory thereto will apply on that shutdown as follows:
 - (i) On subsistence projects, the Employer shall provide daily transportation from the Employer supplied accommodation to the project and return for each day worked or reported for work by the Employee:
 - (ii) Where the Employer supplied accommodation is within the forty (40) road kilometer free zone around the jobsite, Employer supplied transportation will be provided to the jobsite and return to the Employer supplied accommodation.
 - (iii) Where the Employer supplied accommodation is beyond the forty (40) road kilometer free zone around the jobsite, the Employer shall provide transportation plus the Employee shall receive the Transportation Rate from the edge of the 40 road kilometer free zone around the jobsite, paid both ways.
 - (iv) Where an Employee elects to use their personal vehicle to travel to the jobsite from the Employer supplied accommodation the Employer will, in place of daily transportation, pay mileage at the Transportation Rate both ways from the Employer provided accommodation to the project.

Where transportation is provided by the Employer and is delayed by mechanical

breakdown or other causes attributable to the condition or operation of the vehicle, the following shall apply. If the Employee is delayed in arriving at the jobsite, their hours of work and pay shall nonetheless be considered to start at the normal time. If the Employee is delayed in departing from the jobsite or arriving to their normal pickup point due to mechanical breakdown or other causes attributable to the condition or operation of the vehicle, the actual time of such delay shall be added to the Employee's earnings calculated at the straight time rate.

- (f) The Employee shall receive subsistence allowance or, if on Room plus Meal Allowance, the meal allowance portion for the first week of the project within that first week with no hold back, and every week thereafter.

20.04 Check-out Allowance:

- (a) Any Employee who is living in camp accommodations provided by the Employer may elect to receive a sum of fifteen dollars (\$15.00) per day or any such amount as may be established on a project by mutual agreement in lieu of meals which will not be consumed on weekends or Recognized Holiday(s). If meal tickets are provided to Employees, the Employee must turn in their meal tickets to the Employer's Representative not later than 4:00 p.m. on the day preceding such weekend or Recognized Holiday(s).
- (b) The Employee must work the shift prior to the weekend or Recognized Holiday(s) and the shift after the weekend or Recognized Holiday(s) unless mutually agreed between the Employees and the Employer's Representative.

20.05 Subsistence Forfeiture

When an Employee fails to report to work when work is available on the working day immediately preceding or following bad weather days or Recognized Holidays, they shall forfeit subsistence allowance for such absenteeism and for the bad weather days or Recognized Holidays. When Saturday is not a working day and an Employee fails to report to work on Friday when work is available they shall forfeit subsistence allowance for Friday and for Saturday. When Sunday is not a working day and an Employee fails to report to work on Monday when work is available, they shall forfeit subsistence allowance for Sunday and for Monday. An Employee shall also forfeit subsistence allowance for absenteeism on any working days.

- (a) The above forfeiture of subsistence allowance shall be waived when the Employee's absenteeism on any working day or on Friday and/or Monday, as outlined above, is due to a bona fide illness or absence is due to compassionate grounds satisfactory to the Employer and the Union.
- (b) Forfeiture of subsistence allowance may also be waived in other cases if the reason for absenteeism is acceptable to the Employer.
- (c) Where an Employee forfeits subsistence under Article 20.05 herein and is on free room and board, they shall reimburse the employer an amount equal to the prevailing subsistence allowance for each day of forfeiture.

ARTICLE 21.00 – PAY DAY

21.01 Employees shall be paid weekly, during normal working hours, not later than Friday. In no case shall more than five (5) regular working days be held back in any one payroll period. The Employer has the right to pay Employees by direct deposit including the provision of paystubs by electronic delivery. Where paystubs are provided electronically the Employer will provide Employees with a way to confidentially access and make a copy of their paystub through the workplace. The Employer shall notify the Union prior to the start of the job whether pay will be by direct deposit.

21.02 Employees who are laid off or discharged from the service of the Employer, shall receive their Wages and Record of Employment on termination if the payroll is made up on the project, otherwise:

- (a) The Employee shall receive an Employer termination slip which shall show either their net pay and deductions, or the basic factors from which their pay will be calculated including: total pay hours, travel expenses, subsistence, etc.
- (b) and the Employer shall mail the Employee's wages and Record of Employment within three (3) days, exclusive of Saturday, Sunday and Recognized Holidays.
- (c) Should the Employee fail to provide in writing to the Employer a residence mailing address, the Employee's wages, etc. shall be mailed to the Union office as prescribed in this Article.

Should the Employer fail to comply with this provision, the Employee shall receive an additional sum equivalent to eight (8) hours pay at straight time rates for each day they are kept waiting up to a maximum of forty (40) hours.

The parties have agreed that a penalty is appropriate when the Employer is in default of making final payment to the Employee on termination. The purpose of this is to compensate the Employee for delays in payment that are due to reasons within the control of the Employer. However, it is recognized that there may be extenuating circumstances making it impractical for the Employer to comply with this provision and in that case, the Business Manager shall be empowered to waive the Employee's right to grieve.

21.03 When an Employee quits of their own volition, they shall receive their Wages and Record of Employment on the regular day applicable for the period worked.

ARTICLE 22.00 – WAGES

The Apprenticeship ratio is based on the total number of Journeypersons hired to the project. (Note: An Apprentice is in addition to the crew.)

It is recognized that there may be situations in which the above ratio would be impractical. In order to obtain relief, the Employer must consult with the Business Manager of the Local Lodge. Apprentices shall only be referred, employed and paid at their proper classification and corresponding wage rate.

It is understood and agreed that where mutual agreement for such change cannot be achieved, the request shall not be subject to either grievance or arbitration.
- 26.02** The parties agree in accordance with the Overall Memorandum of Settlement that joint industry funds negotiated between the BCBCBTU and CLR (e.g.: Rehabilitations Fund) or individual dues to umbrella organizations, will not be reduced or eliminated without the prior written consent of the BCBCBTU and CLR.

ARTICLE 27.00 – DRUG AND ALCOHOL POLICY

SIGNED THIS 28 DAY OF November, 2023

SIGNED ON BEHALF OF:

SIGNED ON BEHALF OF THE UNION:

CONSTRUCTION LABOUR RELATIONS
ASSOCIATION OF BC

INTERNATIONAL BROTHERHOOD OF
BOILERMAKERS, IRON SHIP BUILDERS,
BLACKSMITHS, FORGERS AND HELPERS, LODGE
359 (A.F.L.-C.I.O.- C.F.L.)

LETTER OF UNDERSTANDING #1

By and Between:**Boilermakers Lodge 359 ("The Union")****And****Construction Labour Relations Association of BC ("CLR")****Re: Job Ready Dispatch**

The CLR recognizes the British Columbia Boilermaker Contractors' Association (the "BC BCA") as the primary funding partner in the Job Ready Dispatch (JRD) program. If the BC BCA at any time in the future decided to eliminate their contributions to the JRD Fund then the CLR understands that the Union may cancel the JRD program in its entirety and unilaterally withdraw this Letter of Understanding, thus eliminating the Union's responsibility to dispatch its members to CLR employers with JRD certifications.

It is jointly agreed that this Letter of Understanding shall form part of the Collective Agreement between the Union and CLR and that this LOU does not diminish any rights that the Employer, the Employees or the Union have under the Collective agreement.

In accordance with Article 26 – Enabling Clause, the parties agree to amend the existing Boilermaker Lodge 359 Collective Agreement with CLR, notwithstanding that all past, present and future Project Labour Agreements, Special Needs Agreements, Letters of Understanding or any other agreements negotiated prior to the expiry of the existing Collective Agreement shall be bound by the Letter of Understanding and the terms of the un-enabled Articles of the Collective Agreement.

A joint committee was established between the BC BCA and the Union regarding a Job Ready Dispatch (JRD) program on November 9, 2017. The BC BCA and the Union agree that the JRD program should be administered as a component of the Lodge 359 Apprenticeship and Trade Advancement Committee (ATAC) Trust Fund (the "ATAC Fund")

The JRD program contains a core suite of safety courses that each member will have completed in order to be dispatched.

The JRD Program contains the following core suite of certifications as follows:

- Energy Safety Canada or WorkSafeBC Fall Arrest
- Energy Safety Canada or WorkSafeBC Confined Space
- Qualitative or Quantitative Fit Tested
- CSTS

The initial Fall Arrest and Confined Space certifications must be completed in person. Subsequent certifications may be completed on-line by the above noted providers.

Each individual member of the Union is solely responsible to successfully complete and pay for the core suite of certification training, with the understanding, that upon providing the Union with a copy of their certification and receipt of payment, the ATAC Fund will reimburse each Member's incurred certification

training costs.

Should additional regulatory training requirements or changes come into effect impacting member safety training, the CLR and a committee of the Union will discuss its impact upon the core suite of safety certifications.

The JRD program shall be funded by an amendment to the Wage and Benefit Schedule of the Collective Agreement of \$0.30 per hour earned as a separate line item effective May 6, 2018.

The Trustees of the ATAC Fund will maintain financial records to account for the contributions, expenses and benefits, on a monthly basis, in respect of the JRD program.

The ATAC Trust Agreement will be amended by the Settlers of the ATAC Fund (the BC BCA and the Union) to accommodate the JRD as a component within the ATAC Fund.

The ATAC Trustees will review the JRD component of the ATAC Fund on an annual basis. It is from this review that the ATAC Trustees will make recommendations to the CLR and the Union regarding any adjustments that should be made to the JRD program contribution rates. The parties agree that the JRD component shall be revenue neutral.

The BC BCA and CLR will have access to the detailed financial records of the JRD component of the ATAC Fund as requested from time to time. Such requests shall be made to the Trustees of the ATAC Fund.

Key to the JRD program initiative from the contractors' perspective is access to the member certification records for their due diligence and to comply with the Province of British Columbia's Occupational Health and Safety Regulations.

The Union will maintain record keeping for the certifications which will be made available to the contractors online 24/7 through the UnionWare TransferLink software which was customized for Lodge 359.

It is the sole responsibility of the contractors to contact the Union in order to gain access to the TransferLink Program (user names and passwords). Information obtained through TransferLink must be kept secure, remain private and confidential, and only used for the purpose for which it is obtained.

At the conclusion of the 2016-2019 Collective Agreement between the parties, all terms and conditions listed herein shall form a part of the Collective Agreement.

CLR recognizes that in the event that BC BCA through the collective bargaining process withdraws or fails to maintain the JRD funding there will be no obligation on Lodge 359 to continue dispatching members with JRD as outlined herein.
