**PREAMBLE**

---

This Agreement between the Union and the Employer is a good faith contract, binding on every member and makes the workers an integral part of the Employer's business, inasmuch as the success and expansion of it depends on the loyalty of the workers in rendering full and efficient service to discharge their obligations under the contract.

This Agreement fixes upon the Employer the payment of wages, the observance of certain conditions of work and it likewise fixes upon the workforce involved in the responsibility of rendering capable, thoughtful and competent services.

It further fixes upon both Parties something much more vital – the recognition of the fact that they are both Parties in bringing about the success, the growth and the expansion of the business in order that good wages can be paid, working conditions improved and employment stabilized.

THIS AGREEMENT made and entered into this 1<sup>st</sup> day of May, 2023, by and

BETWEEN:

**CONSTRUCTION LABOUR RELATIONS ASSOCIATION OF B.C. ("CLR")**

**\*On its own behalf, and on behalf of its member Employers who have authorized CLR to execute this Agreement and those members added from time to time by notice given to the BCBCBTU**

That for and in consideration of harmonious relations and settled conditions of employment, with financial and personal relations mutually beneficial and the covenants and agreements hereinafter contained, the Parties hereto do enter into, establish and agree to the following conditions of employment commencing May 1<sup>st</sup>, 2023 which shall continue in full force and effect until April 30<sup>th</sup>, 2026 and thereafter from year to year until notice in writing is given by either of the Parties hereto to the other upon which the same may be amended, substituted or cancelled as may be agreed upon by the Parties hereto. Either Party may at any time within four (4) months immediately preceding the date of expiry of the Agreement, by written notice, require the other Party to the Agreement to commence Collective Bargaining. ---

**ARTICLE I — JURISDICTION, RIGHTS AND HIRING PROCEDURE**

---

**101 Jurisdiction**

The Employer recognizes the Union's exclusive jurisdiction to perform electrical work. The Employer further agrees to recognize the I.B.E.W.'s general branches, as specified in Article XXVI of its Constitution, in the performance of all electrical work performed within the territorial jurisdiction of the Union, done by, for or at the instance of the Employer. Any sub-contractor or third party undertaking electrical work or contractor supplying labour to an Employer who is a party to this Agreement will be bound by the terms and working conditions applicable to the Employer who was initially awarded the work. The Employer will endeavour to assist the Union to promote and make use of where and when practicable, all material bearing the I.B.E.W. Union Label.

**102 Definition of Electrical Work**

For the purpose of this Agreement, "Electrical Work" means the installation, alteration, repair, maintenance, metering, or testing of electrical, fibre optic and/or electronic equipment including, without limiting the generality of the foregoing, any work within the jurisdiction of the I.B.E.W. as described in Section 1 of Article XXVI of its Constitution and the installation, maintenance, connecting, shifting and repairing of all temporary lighting and power equipment and wiring of new buildings in the course of construction, old buildings undergoing alterations and subways, tunnels and bridges under construction or repair.

**103 Definition of Electrical Equipment**

"Electrical and/or Electronic Equipment" means any apparatus, appliance, conduit, cable, device, fitting, fixture, instrument, insulator, machinery, material, pipe, pole, plant, structure, wire, works or other thing used for, or designed, or intended for use for, or in connection with the generation, transformation, transmission, distribution, supply, control or use of electrical energy for any purpose and includes any assembly or combination of materials or things used, or intended to be used, or adapted to serve any purpose or function when connected to a source of electrical energy.

**104 Members in Good Standing and Clearances**

The Employer further agrees to employ thereon only members in good standing in the Union who are in possession of a clearance from the Union office to perform such work in strict accordance with specific provisions of the said Constitution governing classification of workers.

**105 Employers Working**

The Union will supply members only to I.B.E.W. recognized Employers. Manual work shall not be performed on electrical installations classified under the I.B.E.W. Constitution by an Employer, director, owner or partner thereof unless written sanction has been given by the Union.

With respect to the granting of written sanction as defined above, the Union hereby agrees to grant in accordance with the Chargehand provisions which shall permit an Employer, owner, director, partner, thereof to work with tools and supervise the work.

Written sanction shall not be unduly withheld when a written explanation is placed before the Union Business Manager and they concur with the explanation.

**106 Union Hiring Hall and Working Cards**

Providing the Union is unable to furnish acceptable workers (qualified workers in Local 1003 only) to the Employer within forty-eight (48) hours of the time the Union Office receives the request for workers (Saturdays, Sundays and Holidays excepted), the Employer shall reserve the right to employ such workers as are available. The Union will issue permit clearances for workers hired in these circumstances by the Employer, but these clearances shall be revoked whenever members of the Union become available.

**107** A person, firm or corporation who contracts for electrical work and is desirous of signing this Agreement shall have certain qualifications, knowledge, experience and financial responsibilities to meet payroll requirements. Irresponsibility in the payment of wages may be deemed by the Union to provide sufficient cause to require daily or weekly payments in cash to all employees working under this agreement.

**108 Place of Business**

An Employer shall be considered to have established a permanent place of business when such premises are properly identified. A permanent place of business is hereby defined as one which has been established through the purchase, lease or rental of property upon which has been established proper facilities and from which the Employer intends to carry on the continuous operation of its business for an indefinite period of time. Proper facilities shall be interpreted to include adequate storage (space that will allow safe storage of employees' personal tools and belongings), adequate washroom facilities (washrooms and toilets as required by the Board of Health), together with office facilities for use of the Employer.

**109 Discipline of Members**

The Union reserves the right to discipline its members for violation of its laws, rules and agreements. The Union further reserves the right to withdraw employees on working cards for violation of its laws, rules and agreements or at such times as they can be replaced by qualified members, particularly during periods of unemployment within the Union. In the event the Union deems it necessary to withdraw a working card or cards, the Employer must be notified in writing.

The Employer agrees to terminate the affected employee within forty-eight (48) hours. On out-of-town jobs this period shall be extended by written agreement between the Employer and the Business Manager.

**110 Assistance to Labour Organizations**

Subject to reasonable notice given to the Employer, it shall not be a violation of this Agreement for the Union to withdraw its members from a job site or sites for:

(a) Rendering assistance to labour organizations,

- (b) Refusal on the part of the union members to handle any materials, equipment or product declared unfair by the IBEW Provincial Council with just cause.

#### **111 Shop Stewards**

- (a) The Union shall have the right to appoint a Shop Steward at any shop or job where workers are employed under the terms of this Agreement. Shop Stewards shall be granted sufficient time to conduct the business of the Union. Necessary transportation shall be supplied on projects where required and upon request to the Employer's representative. The Shop Steward will be identified by the Business Manager or designate to either the Employers' payroll department or Superintendent/Project Manager in writing (including by e-mail). In the absence of the Shop Steward, recognition shall be given to the business office appointee. Shop Stewards shall receive a wage premium of twenty-five cents (\$0.25) per hour.
- (b) In the event a second or third shift is established, the Union shall have the right to appoint an Assistant Shop Steward for each of the second or third shift. Should a second or third shift come to an end, the position of Assistant Shop Steward on such shift will end. Assistant Shop Steward(s) shall be afforded the same conditions as afforded to the Shop Steward as provided for in (a) above and (c) below. Assistant Shop Stewards shall not receive the Shop Steward wage premium.
- (c) In recognition of a Shop Steward being the liaison between the Union and the Employer, the Shop Steward will be retained in employment until an acceptable reason for their proposed layoff has been given to the Business Manager. Where discrimination in the layoff and/or transfer of a Shop Steward is alleged, the Shop Steward shall be retained and the matter referred to the Joint Industry Grievance Panel. The Panel shall meet within forty-eight (48) hours, if practicable, to reach a decision on the above matter. The Shop Steward shall be notified prior to employees working overtime.

#### **112 Subcontracting**

The Union is part of the International Brotherhood of Electrical Workers, and any violation or annulment of working rules or agreements of any other Local Union of the I.B.E.W. or the subletting or assigning or transfer of any work in connection with electrical work to any person, firm or corporation not fair to the I.B.E.W. or the employment of other than I.B.E.W. members on any electrical work in the jurisdiction of this or any other such Local Union by the Employer, will be sufficient cause for cancellation of this Agreement after the facts have been determined by the International President of the International Brotherhood of Electrical Workers.

#### **113 Union Dues**

The Employer agrees to deduct initiation fees, assessments and dues from any employee's wages when it has received properly signed authorization of the employee to do so. Such monies shall be paid to the Union accompanied by a list, in alphabetical order, of the employees for and on behalf of whom such deductions have been made, by the tenth (10<sup>th</sup>) day of the month following the month in which deductions were made by the Employer. Cheques may be post-dated the fifteenth (15<sup>th</sup>) of the month. (These deductions shall not exceed the provisions

of the B.C. *Labour Relations Code*.) There shall be a penalty of fifteen percent (15%) per month for late remittances with a minimum of twenty-five (\$25.00) dollars.

**114 Job Access**

The Business Manager or their representatives shall have access to any shop or job where employees are employed under the terms of this Agreement. Meetings with the employees shall not be held on the Employer's premises or job sites without the Employer's consent. The Business Manager or their representative shall notify the Employer's designated representative before proceeding to the shop, job or project. The Employer will work with the Business Manager or their representative to ensure access is available to all necessary indoctrination and documentation required to permit access in accordance with this Article.

**115 Payroll Inspection**

Where the Union has a reasonable belief the Employer has not met their pay requirements (including wages and employer contributions/employee deductions) under this Agreement, the Business Manager or their representative shall be entitled, by appointment, to inspect the Employer's payroll as to time and pay of employees employed under this Agreement.

**116 Savings Provision**

Should any provisions of this Agreement be declared illegal by any court of competent jurisdiction, such provisions shall immediately become null and void, leaving the remainder of the Agreement in full force and effect and the Parties shall thereupon seek to negotiate substitute provisions which are in conformity with the applicable laws.

**117 No Discrimination**

Neither the Employer nor the Union shall discriminate against any person because the person has made a complaint or given information with respect to an alleged failure to comply with the provisions of this Agreement.

Further, the Parties agree that discrimination under the prohibited grounds of the *BC Human Rights Code* shall not be tolerated within the open and inclusive craft building trades construction industry.

**118 Management Rights**

The management, operation, direction (inclusive of transferring of employees from job to job), and promotion of the working forces are vested exclusively with the Employer, subject to the laws, rules and regulations of this Agreement and the laws of the Province.

**119 Personal Cell Phones**

No employee shall be required to install any app on their personal phone as a condition of employment.

**120** In this Agreement, words imparting the singular shall include the plural and vice versa where the context requires.

**121 Service Electricians Non-Compete**

Service Electricians employed with a signatory contractor party to this Agreement will not work in competition with their Employer by performing side jobs, or soliciting their Employer's customer away from their Employer, and for two (2) years after in the event their employment ceases, unless they transfer their employment to another signatory contractor to this Agreement, or become party to this Agreement by becoming a signatory contractor to the IBEW. Side jobs are recognized as electrical work performed for a customer with payment made to the employee. Company vehicles, tools, materials, or equipment will not be used to perform side jobs without the express permission of the Employer.

---

**ARTICLE II — GRIEVANCE PROCEDURE**

---

**Stage 1:** The employee involved, preferably with the Shop Steward, will first take up the matter with their Chargehand or supervisor directly in charge of the work.

4. Each Local will maintain financial records to account for all funds collected and spent in relation to the JRD Program. These records will be shared with all appointees to the JRD Committee on a monthly basis and reviewed at each meeting.
5. If the JRD Committee determines the contribution amount is higher or lower than required to meet the needs of the JRD it shall make recommendations to the Employer to increase or reduce the contribution as required. It is recognized this may result in contributions amounts which are different between the locals.
6. The JRD contains a core suite of safety courses. Commencing on a date to be determined by the JRD Committee a member of the union will not be eligible for dispatch to any Employer if any of those certificates are scheduled to expire on a date earlier than the earliest of:
  - a. the completion of the project they are dispatched to; or,
  - b. sixty (60) days following their date of dispatch.
7. The core suite of safety courses is:
  - SiteReadyBC (or equivalent)
  - WHMIS
  - Hearing Test

- Fall Arrest
  - Arc Flash
  - Confined Space Awareness
  - Level 1 First Aid
  - Elevated Platforms
8. When an employee is hired from outside of British Columbia the Employer will determine the site specific safety courses for that dispatch. Workers will be given preference for the dispatch if they have those site specific courses.
9. The Union retains the right to elect whether to provide this training in-house or contract it to an alternate provider provided that, regardless of method of training, employees receive an industry recognized certificate at the conclusion of each program.
10. In the event one of the core safety course certificates for an employee expires while a member is working on a project one of the following shall occur:
- a. the Union will arrange to provide the training during either scheduled days off or a Periodic Leave for the employee; or,
  - b. the Employer will provide the required recertification and submit the receipt to the JRD Committee for reimbursement. In the event an Employer provides training to an employee they shall provide a copy of any certifications to the Union so they can be added to the member training record.

It is mutually agreed that option (a) above is the preferred method of providing this training and the Employer will not schedule an employee for training without first speaking to the employees' home Local.

11. The JRD will provide the Employer access to training records for all members dispatched to the Employer.

Should the program be cancelled at any time, the JRD Committee will determine how to manage all remaining funds.

**ADDENDUM – IBEW LOCAL 213**

- A.** The classification of DRIVER HELPER shall remain and the rate shall be at 6<sup>th</sup> term Apprentice Rate.
- B.** Appendix 1 – “Electrical Joint Training Committee Society” Standards shall be part and partial to this Agreement, with copies on file and obtainable from the Apprenticeship Co-ordinator’s office.

**LOCAL TRAVEL – GREATER VANCOUVER**

The Parties understand and agree that the Greater Vancouver Free Travel Zone shall include all areas that extend to 276th Street on the East, the U.S./Canada Border on the South, North to include Maple Ridge, Pitt Meadows, Coquitlam, Port Coquitlam, North Vancouver, West Vancouver to Horseshoe Bay and West to the ocean. Employees that travel daily from the Greater Vancouver Free Zone to a job located beyond said free zone shall receive daily travel in the amount of sixty-eight cents (\$0.68) per road kilometre by the straightest route an automobile can reasonably be expected to travel from the edge of the Free Zone to the job (one-way) for each day worked on such job. Employees who reside outside of the Greater Vancouver Free Travel Zone and reside within forty (40) kilometres of the job that is located outside the Greater Vancouver Free Travel Zone, shall travel at no expense to the Employer. The parties agree that the amount per kilometre will be adjusted to match the maximum allowable tax-free rate for mileage expense when published by the Canada Revenue Agency each year. In recognition for the costs of travel and parking, the Journey rate shall be increased on November 1, 2006 by twenty-five cents (\$0.25) over and above the scheduled fifty cent (\$0.50) wage package increase. Apprentice and Foremen rates shall be adjusted proportionally by applying the percentage differentials stated in the Agreement.

The Employer when requesting new employees through Local 213 dispatch shall specify the job type and location when placing the call. If this information is not provided and the member is required to report to a job that is not within a reasonable travel distance from their home, they may refuse the dispatch. In such case, the employee would be eligible to receive two (2) hours pay at their regular rate of pay. The purpose of this provision is to alleviate the need to travel whenever possible, therefore the Employer will, whenever possible, place employees so that travel from their home is kept at a minimum.
